

The 2014-2015 season

2014 2015

65
KILLED

152
INFECTED

650
CASES

- "Ebola died out" - spreading no longer was making in the tropical climate, but it was not over the continent. Deadly outbreaks were still to come.
- Like dancing with the Devil - The death toll was double the number of the young people killed.
- To this "deadly life" - it was a relief at the time, coming in the form of a new hope.

EXPLORE
